### General Data Protection Regulation 2018

PHP periodically send out a newsletter and general communications about their activities. Are you happy to receive these? Yes/ No

PHP needs to gather evidence from users of the tracks/paths and landowners in the vicinity in cases where the status of a path is being challenged. Without this user and landowner evidence, PHP has a little chance of building a successful case. Are you happy to be contacted for this purpose? Yes/ No

I wish to become a member of Peak Horsepower.

Signed ----- Date -----

Please email your completed form to [cmbrooks@uwclub.net](mailto:cmbrooks@uwclub.net)

**Payment:** Please pay via BACs to Peak Horsepower, sort code: 60-10-19, bank account: 89035178, quoting your Name and surname

### PHP Privacy Statement

PHP holds personal information on its members for the purposes of pursuing its aims and objectives, and to identify people local to the cases it is handling to gather evidence. Whilst dealing with Public Rights of Way issues, including communicating with other organisations as part of this work, PHP analyses the data held about its members and produces statistics about its members, e.g. total number of members, number of members living in a specific location/postcode, etc. This type of data is non-identifiable to a person. As a group affiliated to the British Horse Society, PHP shares your personal data with them. PHP will not share your personal information to any other organisation without your explicit prior permission.
